

APPRENTICESHIPS

YOUR TIME TO SHINE

**JOIN OUR AWARD-WINNING
HQ TEAM IN DUNFERMLINE**

An Apprenticeship in vehicle manufacturing gives you the opportunity to gain skills and experience that will be with you for a life-time. Start your career with Hillend Engineering today.

HILLEND ENGINEERING. MANUFACTURING EXCELLENCE

For over 50 years, we have been manufacturing a range of refuse collection vehicles, from the food waste trucks that collect from your household every week, to the impressive 26 tonne vehicles that collect trade waste from our high streets and supermarkets. Our products have to be strong, versatile and exceptionally well built, with reliable electrics and hydraulics to ensure they get the job done week in, week out.

Our Dunfermline factory has state-of-the-art machinery, as it builds the bodies from sheets of steel, through to the finished, painted vehicles, ready to be quality checked and sent out to council and waste management customers.

With £4 Million of investment in 2024, a comprehensive training programme and a supportive team to help you at every stage, Hillend Engineering is a great place to learn and start your career.

OUR PEOPLE MAKE US

Our factory and offices in Scotland are filled with talented, highly skilled people, from those who have been with us for 20 to 40 years, to those who joined on Apprenticeships last year. Skills have been developed from our training programmes and through on the job training with the ongoing support of their colleagues.

Hillend Engineering's 2024 Apprenticeship programme is a great opportunity for you to develop highly sought after skills and start a rewarding career in UK manufacturing and vehicle maintenance.

OUR APPRENTICESHIPS

Our Apprenticeships include HGV mechanical engineering, welding fabrication and paintshop finishing, each providing you with skills to give you a great start and a rewarding career.
